Junior Programs

The Play or Compete programs cater to junior golfers aged 5 – 16, offering engaging golf coaching sessions within a safe and enjoyable setting. These programs aim to introduce the sport of golf while instilling fundamental skills, rules, and etiquette in participants. From beginners to intermediate players, our coaching covers everything from basic swing techniques to on-course play.

For those with a competitive edge, we provide advanced coaching and entry-level competition opportunities, emphasizing essential aspects such as nutrition, tournament readiness, and basic physical elements affecting swing dynamics and performance. Our curriculum prioritizes effective practice strategies both on the range and on the course, essential for continuous improvement.

Beyond skill development, our programs emphasize the importance of camaraderie, fostering new friendships, and fostering a lifelong passion for golf. Join us for an enriching experience where learning, growth, and fun intersect on the green!

Introducing our exciting NEW 12-Week Whitewater Junior Club Development Program

Designed as an ongoing initiative, this program offers weekly instruction encompassing range work, short game refinement, and extensive on-course play.

Participants will explore the details of golf rules and etiquette, will learn to keep score, understand the handicapping system, and receive thorough coaching in all areas of the game. Although prior golf experience is preferred (but not extensive), on-course play forms a significant component of the program.

To participate, golfers should be capable of carrying or pushing their own clubs throughout the course and practice areas. Our coaches will allocate groups based on age and skill level, ensuring tailored instruction for each participant. Groupings may include distinctions between Non-Competitive beginners or those newer to golf versus more seasoned players and Competitive Golfers.

Join us for an enriching journey where young golfers refine their skills, deepen their understanding of the game, and forge lasting connections with peers in a supportive and dynamic environment!
